OUR "LOST IN THE SUPERMARKET" PAGE

1 I'M A BAG LADY!
You know those people who can leave the house with just their wallet and cell in their back pocket and they're ready to go? I am not one of those people. I'm always lugging a pile of junk here, there and everywhere. These brightly patterned duffel bags from the amazing company Loyal Army are perfect for throwing my wallet, cell phone and the eighteen other objects I have shuttle around with me in one nicely sized non-purse-purse like bag. Our favorite pattern is their new Punk Cameo design. Check it out at www.loyalarmy.com.

2 KEYTO OUR HEART!
Here's something fun to do. Walk up to a girl at your local pub, buy her a drink and whisper to her: "I've got a monster in my pants!" Right as she is about to slap you, pull out this cute little monster keychain and you'll both have a big laugh. It works every time. Only 50 are made of each DEBO Superhero. Available at www.kamibashi.com

3 I WANT CANDY! SKULL CANDY!
Being that we're kinda sorta a music magazine, we are subjected to listening to oodles and oodles of aural offerings. But we're also way into the whole style and fashion thing. So we're totally stoked on something that melds music and style in one bass pumping package. Skull candy earphones hugs our ears and kisses us with our sweet sweet sounds while keeping us encrusted in the skulls iconography that we can't escape. Pictured here are the SKULLCRUSHERS Bass amplified subwoofer headphones. www.skullcandy.com

4 Tattoo Dreams!
Y'ever have one of those lost weekend nights where you got blitzed, tattooed, then passed out, only to wake up and find your bitchin' new flash all over the sheets? Relive that drunken magic with this stunning bed wear by Twisted Linens. The set includes top and bottom sheets as well as two pillow cases.

5 AYE, WE BE FUZZY SHAG PIRATES, MATEY!
Something about this just seemed so wrong that it had crossed over into the "perverse thing of beauty" department. Yeah, I mean, the skull and crossbones is everywhere. You can't avoid the damn thing. Every article of baby clothing, every Teenage Bottlerocket disc...it's ubiquitous! but THIS...4' x 3' of cozy warmth. Yum. ATTEMPT INC.
