This Asian-inspired print captures typical naughty kitty behavior. It's absolutely something Ando would do. Available from [ModCloth](#), the print measures 11 by 17 inches and comes framed and ready to hang.

Thanks to Laurel for the tip.

this is actually a print from Ryo Takagi, more of his work can be seen at <http://www.kamibashi.com>, including several different prints with this kitten. there were also two calanders made with this kitten and a brown dog for the years 2007 and 2008.
