Gifts For Tweens & Teens

By Margaret Bristol

Can't keep up with the ever-changing tween and teen trends? We've done the holiday leg work for you and picked some of the latest and greatest gifts that they'll be sure to love.

5 of 10

The String Doll Gang
 Tweens love collectibles, and they'll flip when they receive one of these 2-inch dolls. Each had its own personality and positive "power" that it brings to its owner. Plus, each comes with a look and clip, so it quickly becomes a key chain or backpack accessory. \$10 each (Sid pictured here), kamibashi.com.
